

# Lebanon High School

## Lunch Release Permission Slip

Only **SENIORS** are eligible to apply for a lunch release permit.

School lunch release is a privilege which may be granted to Seniors who have completed this form, who have permission from both their parent/guardian and the school, who have their drug testing consent form on file, and who meet the following criteria for the previous 9 weeks: 1) no F's on their report card; 2) no more than one late to school and/or late back from lunch; 3) no office referrals for discipline including excessive classroom tardies; and 4) no truancies. This permission to leave the building during their scheduled lunch period is for the purpose of going to eat lunch only. A student who is granted this permission agrees to accept the following responsibilities:

1. Must leave the building orderly and return on time.
2. Must not take anyone who does not have authorization to leave the building.
3. Must use the pass for going to lunch only.
4. Must not sit in parked autos or "cruise."
5. Must not bring refuse, food, or drink back into the building.
6. Seniors must reenter the building through the main entrance.
7. Students with lunch permission must carry their student ID with them at all times. The ID must be in their possession when entering or leaving the building and students must present it upon request.
8. Must have a Lebanon High School Drug Consent Form signed and on file.
9. Abuse of these rules and regulations governing lunch pass use will result in suspension of this privilege.

(Student) \_\_\_\_\_ has permission to each lunch away from school during the assigned lunch period. I understand the school encourages students to eat at school due to the limited time and economical school lunch prices. This is a privilege my son/daughter can handle and will not abuse. It is agreed lunch permission rules and regulations will be followed to retain lunch release privileges. **Any time missed from class as a result of going out to lunch is unexcused.** Abuse of this lunch pass permission, if granted, will result in forfeiture of this privilege for an appropriate time. A student not returning to school from lunch will be considered truant.
