

Generating Community-Based Living Options...

- Indiana is ranked in the top 3rd of 50 states in funding for disability services, but in the bottom 1/3 of states funding residential placement in settings of 6 or less
- 71% of individuals with disabilities in Indiana live with a family caregiver
- 24% of those individuals live with a primary caregiver aged 60+

Our loved ones deserve to live full lives in ...

Safe, dynamic and inclusive homes of their own, integrated in their community, supported by quality care, programming and employment opportunities

Our **challenge** is to think collaboratively and creatively about vital community-based Residential and **LIFE** solutions.

YOU ARE INVITED TO SUNSHINE SOCIAL CLUB'S HOUSING LAUNCH!

Join us to learn more and how to take action to create housing solutions for individuals with intellectual disabilities interested in living in the Central Indiana area.
